

Greetings from Aruna Partnership

Our learning experience is a joyful process of discovery.

Dear Friends of Aruna Partnership,

We so deeply appreciate the support you have given to Aruna Partnership programs over the years. Very simply, you make our work possible.

In this 3-and-a-half-minute video about our schools, you can see for yourselves a little of the impact your gifts are having on young people in the area.

We want to highlight our new kindergarten program, **JOYFUL LEARNING**, and introduce our incredible head teacher, Kanimozhi. Trained in early education, including Montessori and Waldorf, Kanimozhi strives to provide children with a nurturing education where they can develop independence and curiosity. Using hands-on materials like wooden blocks and beads, the 3- and 4-year-old students learn to count while developing their fine motor skills. They go on nature walks, engaging with the natural world. Singing, yoga, and show & tell are all favorite activities!

When the program began in June 2023, there was already so much promise. Although some parents were initially skeptical, wondering if their children would develop the skills needed to succeed, they were convinced when students began returning home with songs, questions, and an excitement to learn. Joyful Learning began with only 5 children — 20 children are now enrolled due to the enthusiasm of parents.

This has been a beautiful beginning for all the children and staff. We hope to expand Joyful Learning to include more grades and teachers. Costs for this program are higher than traditional classrooms due to the need for special teacher training, furnishings, and instructional materials. In today's ever-changing world, teaching children to find joy and creativity in learning is more important than ever.

If you'd like to help support this project through The School Fund, please click this link: <https://freundeskreisindien.de/jetzt-spenden>.

Thank you so much!
